As July approaches, it is hoped that the nation will begin its crawl back to some form of “normal.” NACUC recently held its Leadership Development Seminar, presented by Tim Harrington, virtually once again. Nine attended the financial literacy presentation on Sunday and twenty-two participated in the full seminar on Monday and Tuesday. Though the virtual seminar was successful, we look forward to holding it in person next year. This presentation is so valuable for new Board Chairs and even more so for new board members. We hope to expand in this area in the future.

The NACUC Board recently met in person in Denver at the site of this October’s Roundtable Forum. It was nice to once again meet as a Board in person and we look forward to holding our Roundtable Forum in person as well. Registration is open for the Roundtable Forum and I encourage you to register early. We will have five excellent and appropriate topics for discussion. If you have not attended in the past, you need to make this year your first. If you do, I assure you, it will not be your last!

Your NACUC Board is working hard to improve our educational offerings as this is one of our main purposes for existence. This includes the Leadership Development Seminar, the Roundtable Forum and the Listserve which allows members to get information from other members. New developments are coming, be on the lookout for our new offerings.
