## Here's how we can help YOU

Whether you are a newly elected chair, future chair, or a seasoned chair, we are dedicated to helping you grow and excel in your leadership role. Through our collaborative education and training model, we provide the resources to help you meet the challenges of your position. Here's how:

### ► CHAIRS' ROUNDTABLE FORUM

An innovative learning experience featuring problem-solving discussions on issues and trends affecting credit unions and boards. This unique event is staged so that every participant sits down with almost every other attendee—allowing the widest possible exchange of information, opinions and strategies.

### ► LEADERSHIP DEVELOPMENT SEMINAR

An intensive, interactive learning format that offers topics ranging from strategic planning, effective team building, financial analysis, managing conflict, running effective board meetings and more.

### ► CEO COMPENSATION AND BENEFITS REPORT

The only survey in the industry sent directly to credit union chairs. This valuable tool can be used to assist boards in developing CEO compensation and benefits packages.

### ► CHAIRS' LISTSERVE

A moderated list designed to provide an email forum for discussion with other credit union board leaders.

Join today to begin taking advantage of all the contacts and resources we have to offer!

*NACUC is the only organization in the credit union movement that offers an educational experience from credit union board members rather than "experts in the field." The ability to learn from other board members' real-life experiences has been extremely valuable to me and to my credit union. After I return from the Roundtable Forum I always gain new ideas, many of which we have adopted at our credit union.*

M. Schwartz, State Department Federal Credit Union

*NACUC's Annual Chairs' Roundtable Forum utilizes a unique, collaborative format of breakout sessions that facilitates dialogue among participants. Credit union chairs and prospective chairs from throughout the country have the opportunity to share thoughts and ideas, and to learn from the experiences of peers. Discussion topics are directly relevant to challenges and opportunities facing credit unions today. The personal contacts I have made through roundtable discussions and networking have been extremely valuable. By far, this is the most beneficial conference I have attended, and it has been an asset in my role as chair.*

D. Longmire, Tennessee Valley Federal Credit Union

*Our credit union has been a member of NACUC for many years but it wasn't until I became the Chair and attended the Chairs' Roundtable Forum several years ago that I realized the enormous benefit of attending. Whether it's product marketing or governance-related, you'll find that your peers are more than willing to share ideas.*

R. Brenneman, Atlantic Federal Credit Union
